Special Notice to Parents and Guardians:
The library system complies with Federal laws requiring Internet access to be filtered for children under age 17. However, filters are not perfect. Please establish rules for Internet use and accompany your children to the library each time they visit. To help families with providing supervision, parents may block their child's library card from using Internet Computers. Your decision may be changed at any time by notifying library staff. (Note: Children with blocked cards may still use the library's Catalog and Database Computers. These computers restrict access to sites listed in the library catalog or reference databases purchased by the library system.)

I agree to present my card each time I borrow items or use library computers. I will be responsible for fines and for lost or damaged items borrowed on my card. When using library materials or computers, I will comply with the library system's policies. I will report address changes or the loss of my card immediately. Parents or guardians who have co-signed for their child's juvenile card may obtain information regarding their child's library card account.
